

BRYAN'S VISIT MAY BE BRIEF

Secretary Talks of His Trip to
Sacramento, Cal.

RECEIVES MANY INVITATIONS

Various Organizations at San Francisco and the State Capital Ask Commoner to Deliver Addresses—Bryan Says His Mission Is Without Precedent, but May Establish Several.

Chicago, April 26.—"I shall go direct to Sacramento and will return to Washington as soon as I possibly can," said Secretary of State Bryan here as he boarded his train. "I cannot forecast how long my absence may be, but I hope it will be short. I ought to be in Washington."

Mr. Bryan nodded his head with emphasis and added, "I hated to leave Washington just now. I would not have done so if it had not been necessary. These are important days at the capital and I shall hurry back."

Mr. Bryan declined to make any statement in connection with the coming conferences with Governor Johnson and the California legislature.

"My embassy," he said, in answer to a question, "as far as my memory goes, is without precedent. We may create precedents in our conferences, but it would not do to speak of them in advance."

Will Have Warm Welcome.

That the secretary will have a hospitable welcome in California was shown in five invitations he received here by telegraph to address public bodies in San Francisco and Sacramento. The chamber of commerce of San Francisco, the Commonwealth club, the Commercial club and the California Development board, all of San Francisco, telegraphed asking for addresses, and the chamber of commerce of Sacramento offered the use of a theater and asked for a public speech.

Mr. Bryan said he had been obliged to decline the invitations from San Francisco, as there was no likelihood he would be able to speak there. There was more chance that he would speak in Sacramento, but he could not make an engagement.

May Not Make Addresses.

"I replied to the gentlemen in Sacramento that I had been dispatched by the president to confer with the governor and legislature of their state," Mr. Bryan said, "and under those circumstances, while I appreciated their invitation, I did not deem it proper for me to make any speaking engagements."

Mr. Bryan added that as representative of the president he had never doubted a cordial welcome from California. The secretary was accompanied only by his secretary, Robert Rose.

While in this city Mr. Bryan had brief conferences with Senator Lewis, William L. O'Connell, Governor Dunne's representative, Mayor Harrison and several other Democratic leaders.

CHINA IS TAKING NOTICE

May Also Protest Against Alien Land Legislation.

Washington, April 26.—Secretary Bryan is not expected to spend more than a week in Sacramento conferring with Governor Johnson and the state legislators over the proposed anti-alien land laws. From semi-official sources it was said that Mr. Bryan expected to present the views of President Wilson and do all that was possible to remove friction between the United States and Japan over that particular legislation in time to be back in Washington on May 7.

In official circles it was suggested that the energy with which Japan had protested against the enactment of the pending alien land holding legislation in California had served to obscure the fact that many Chinese would be affected by such laws, though not in proportion to the Japanese residents.

The Chinese legation here, though noting the facts, has refrained from lodging any protest at the state department, while awaiting instructions from Peking as well as the issue of the negotiations between America and Japan regarding the question of alien land ownership.

CHINESE LOAN ARRANGED.

Peking, April 26.—The five-power loan contract has been completed and the bankers representing the English, French, German, Russian and Japanese groups expects that it will be signed at once. The minister of finance, who had been persuaded to return to Peking to sign the five-power loan of \$125,000,000, reached Peking on a special train from Tientsin, whither he had fled a few days ago for asylum in the foreign concessions, the customary place of safety for frightened cabinet officers.

EVERY BONE IN BODIES BROKEN

Youth and Girl Leap From Cathedral Tower.

HUNDREDS WITNESS TRAGEDY

Lovers Climb Arm in Arm to Clock Gallery of Notre Dame Cathedral at Antwerp, Belgium, and Then Jump to Stone Pavement 180 Feet Below. Several Persons Faint at Terrible Sight.

Antwerp, Belgium, April 26.—A youth eighteen years old and a nineteen-year-old girl were the principal characters in a love tragedy enacted here. Arm in arm they climbed to the clock gallery in the tower of the Notre Dame cathedral and from a height of 180 feet leaped into space, falling at the feet of passersby.

Every bone in the bodies of the boy and companion were broken. As they hurtled through the air several men and women who witnessed the sight fainted.

According to the police the leap from the church tower was in accordance with a premeditated double suicide pact.

The tragedy occurred at a time when the glove market in front of the north tower of the cathedral was thronged with pedestrians, a large number of whom stood transfixed, helpless witnesses of the drama.

The youth and the maiden had purchased from the porter at the entrance door tickets of admittance to visit the tower, from which a wide view is possible. The porter noticed nothing unusual in their demeanor as he escorted the couple to the stairway and saw them start to climb the flight of 622 steps leading to the top gallery.

That the act of the lovers was premeditated is shown by the fact that they had placed five letters, one addressed to the police commissary and the others to various relatives, where they easily could be seen by visitors to the tower.

Entering the clock gallery the couple climbed upon the stone balustrade.

With hands clasped they poised themselves for a moment and then leaped downward into the glove market, striking the flags close to the historic Matoya fountain. Ambulances were summoned, but the surgeons declared the lovers had died instantly.

The letters found in the tower show that the youth was Elie Walkow and that his home was in this city. The girl has not yet been identified.

The letters, it is declared, stated that the young couple had been driven to their death because of a love affair.

HANGS FROM LIBERTY STATUE

Girl Holds Chum by Dress Till Sight-seers Come to Rescue.

New York, April 26.—Eighteen-year-old Margaret Donovan was saved from a 300-foot fall from the head of the Statue of Liberty by her chum, Gladys Revere, who caught hold of her dress just as she was slipping from the window ledge that surrounds Miss Liberty's crown.

Screaming for help Miss Revere held on to the dress with both hands until other sightseers came to the rescue and dragged the girl in feet first. Miss Donovan ventured out on the ledge on a "dare" and became dizzy.

MINE GIVES UP TWO LIVING

Taken Out Almost Unconscious From Workings.

Pittsburg, April 26.—Two men were taken out alive from the Cincinnati mine of the Monongahela River Consolidated Coal and Coke company at Pineyville, the scene Wednesday noon of a disastrous explosion. Suffering untold agonies, exposures and the shock of an explosion that already has claimed the lives of ninety-six men the two men, Charles Crawl and Phillip Legler, were brought to the surface greatly weakened and almost unconscious.

BIG ESTATE TO MISSIONS

One Million Dollars to Aid in Spreading Gospel.

Chicago, April 26.—Almost the entire estate of \$1,000,000 of William Chitney Borden, the young missionary who died at Cairo, Egypt, April 9, is left to foreign missionary work, according to the terms of his will, filed for probate here. His personal belongings and household goods were bequeathed to a brother, Mrs. Mary Borden, mother of the dead missionary, and his sister, living at New York, receive nothing.

The largest bequest is that of \$250,000 to the China Island missions, Germantown, Philadelphia, \$100,000 of which is to be invested, the income of which is to be used for the maintenance of aged and infirm missionaries and mission workers.

GOVERNOR HATFIELD.

West Virginia Miners
Accept Peace Proposal.

VIRGINIA MINERS FOR PEACE

Kanawha Workers Vote to Accept Governor's Proposal.

Charleston, W. Va., April 26.—Striking miners of the Kanawha coal fields in special convention here voted to accept the proposals of Governor Henry D. Hatfield for a settlement of the trouble. The strike has been in progress over a year. It has been marked by much rioting and considerable bloodshed, while three times martial law has been proclaimed.

MONTENEGRO MUST EVACUATE SCUTARI

But Powers Are Unwilling to Use Armed Force.

London, April 26.—The ambassadorial conference met again. Premier Asquith and Viscount Morley, lord president of the council, were present and discussed the Scutari problem.

It is understood if the conference adheres to its decision Montenegro must evacuate Scutari, but is indisposed to acquiesce in Austria's demand that the powers undertake to compel evacuation by arms.

No demand has been formally sent to the Cetinje government and probably nothing will be done in this respect until after the next meeting of the conference Monday, when Sir Edward Grey, the British foreign minister, who has been absent from London this week, again presides over the deliberations.

BREWERS FILE COMPLAINT

Allege Excessive Charges For Transportation of Liquor Containers.

Washington, April 26.—Brewers of Minneapolis, St. Paul, Duluth and La Crosse, Wis., filed a complaint with the interstate commerce commission against railroads operating in Western classification territory, alleging that excessive charges are being made for the transportation of beer and malt liquor containers in single shipments.

It is alleged that Western classification No. 50 provides that empty containers shall be returned at one-half fourth-class rate, but that this rate is nullified in a Western trunk line circular fixing the charges on a single shipment of containers at the third class rate. The brewers contend that under the provision of this circular they are obliged to pay the same rate on containers returned to them as on the original shipments of full receptacles.

HAIRPIN SURGICAL FORCEPS

Woman Removes Top Spindle in Her Throat Ten Years.

Warrensburg, Mo., April 26.—The old assertion that a woman can do anything with a hairpin was given new weight when Miss Mary Riddle of this city straightened out one of the things, bent the end into a hook, and with it removed from her throat the spindle of a top which for ten years had caused her great suffering.

For years Miss Riddle suffered frequent attacks of extreme nausea. Many forms of treatment by physicians failed to relieve her. Finally she was told she must go to a hospital and submit to an operation, but she dreaded the operating table and refused.

She located a metal substance and a moment later drew out the spindle.

Noted Goldsmith Killed.

Paris, April 26.—The residence of Emile Froment-Meurice, in one of the most aristocratic quarters of Paris, collapsed, killing M. Froment-Meurice and his wife. M. Froment-Meurice was one of the most celebrated goldsmiths in Europe. He was a descendant of the painter, Rubens. One of his sons, Francois, is a well known municipal councillor and another is a celebrated sculptor.

FATE OF TARIFF BILL IN SENATE

Opponents Will Make Their Big Fight There.

HOUSE DEMOCRATS FIRM.

Although Dissatisfied With Many Items, They Will Support Measure as a Whole—Underwood's Strength and President Wilson's Influence May Save Schedules.

By ARTHUR W. DUNN.

Washington, April 26.—[Special.]—Opponents of the Underwood tariff bill are going to make their great fight in the senate. The manner in which the Democratic caucus of the house has stood by the ways and means committee is proof positive that any effort to secure changes during the consideration of the bill in the house will be futile.

The Democrats of the house, though dissatisfied with many items in the bill, are going to support it as a whole. They have practically agreed to stand firm. This means a mighty big boost for the Underwood bill, more particularly as it has the support of the administration. President Wilson has a great deal of influence in congress not only among the members of the house, but also in the senate.

Pressure on the Senate.

It appears that pressure will be brought upon the senate by means of petitions, letters, personal interviews with senators and probably many so called lobbyists will be employed by different interests to work for a change in rates. But it is expected that the most important results will be reached by petitions and appeals from constituents of senators. Not only manufacturers, but workmen employed in different industries, are expected to write to their senators urging changes in the interest of greater protection for the lines in which they are employed.

Direct Vote and Senators.

In this connection an interesting phase of the situation develops out of the ratification of the amendment to the constitution which provides for the election of senators by direct vote of the people. Every voter will have an opportunity to express his views as to who shall be senator from his state.

Thirty-two senators are to be elected to take their seats in the Sixty-fourth congress, and most of them will be chosen in 1914. Another thirty-two will be chosen in 1916, the presidential year. So it is expected that senators will be influenced by the desires of their constituents for the reason that these voters will have a direct voice in selecting their successors.

A Curious Analogy.

It is a rather curious analogy, however, to assume that senators will be shaken by petitions and letters because they are now directly responsible to the people when the members of the house who have been and continue to be so responsible have determined to stand by the reduced tariff legislation. It would seem that if members of the house, who must go before the people next year, are satisfied the senators likewise will be in the same boat. It looks as if the last effort of those desiring more protection than the Underwood bill affords is to be concentrated on the senate in the hope that something may be accomplished, although the reasoning does not bear out their hopes.

Seclusion of Their Homes.

When cabinet officers desire to secure time for public business they remain at their homes, thus avoiding the hundreds of visitors at the different departments. Of course a cabinet officer may shut himself in his office and deny himself to visitors, but he can't do it very well when senators and representatives are among the callers. When told that the cabinet officer is not in his office the visitors depart, and even congressmen do not feel like pursuing them to their homes.

Militant Murdock.

Vic Murdock is showing that he is a real minority leader. He gets into the congressional fray as often as Jim Mann, and though he has not been able to accomplish very much, he is having as much fun as any other man in the house. Murdock is truly militant.

Senate Minority Leader.

No one has yet determined who is the minority leader of the senate. The selection of Senator Gallinger for chairman of the caucus naturally gave him that official status, but Lodge of Massachusetts and Smoot of Utah do not get out of the way. Recently it developed that Penrose of Pennsylvania may have aspirations. As former chairman of the finance committee he has some claims, and as he is quite effective when he takes the floor he may be a leader on the Republican side.

Interesting Reading.

Biographies of many new members who appear for the first time in the Congressional Directory make mighty interesting reading. Some of them put in their platforms of principles, others tell interesting personal stories of themselves and their families, while others tell at length of various political positions they have held from town clerk to membership in the house. All this makes interesting reading for a few days when the new directory appears. In later editions many of these biographies are pruned.

A Pleasing Prospect.

Poet—Have you seen my "Descent Into Hades"? Editor—No, but I'd be delighted to see it.—Brooklyn Citizen.

BELVA LOCKWOOD.

Defends Secretary Bryan's
Wineless Dinner Policy.

GRAPE JUICE GAIETY SAFE

So Says Belva Lockwood in Bryan's Defense.

Washington, April 26.—Some of the notables of Washington life took a part in the international comment on Secretary Bryan's grape juice banquet to British Ambassador Bryce, which was attended by the first figures of the diplomatic corps. Many foreign newspapers have published editorials on it and Secretary Bryan himself has issued a statement.

Belva Lockwood, who among other distinctions bears those of having been nominated for president of the United States, one of the original suffragists and the first woman lawyer admitted to practice before the supreme court, approves the secretary's discrimination.

"Grape juice gaiety is the safe and sane gaiety," she said, "and it doesn't leave a head in the morning. We should worry about London's criticisms."

O'HARA TELEGRAPHS PRESIDENT WILSON

Calls Attention to Attitude of Big Corporation.

Springfield, Ill., April 26.—Following the session of the Illinois senate white slave commission Lieutenant Governor O'Hara sent a telegram to President Wilson and another to the lieutenant governor of Missouri, calling their attention to the disclosures made here. The telegram to President Wilson read:

"At a hearing of the Illinois senate vice commission it appeared that the conditions surrounding the employment of girls at the Springfield factory of the International Shoe company apparently were the most open to criticism of any so far discovered by this commission. The revelations were so astounding that Senator Neils Junl, Republican, and the dean of our state senate, openly and bitterly denounced this corporation.

"As I have been informed that this corporation is supporting a lobby at Washington in opposition to your proposed tariff law on the grounds that if certain duties are removed the girl workers in their shoe factories will be brought into competition with the cheap labor of Europe I believe your attention should be called to the testimony given here."

MANY NOTED MEN AT GUEST TABLE

WIDOW ACQUITTED OF CRIME

Chicago Woman Not Guilty of Slaying Husband in Atlanta.

Atlanta, Ga., April 26.—Mrs. Callie S. Applebaum was found not guilty of the murder of her husband, J. A. Applebaum, a Chicago traveling salesman found dead in a local hotel several weeks ago. The jury deliberated thirty-six minutes.

The body of Applebaum was found on the morning of Feb. 25 last in a room at a hotel where Mr. and Mrs. Applebaum had been staying. Three pistol bullet wounds in the body caused death.

Mrs. Applebaum maintained she did not know how her husband was shot.

REFUSE TO POUND ROCKS

Industrial Workers Put on Bread and Water Diet.

Colorado Springs, Colo., April 26.—Fourteen members of the Industrial Workers of the World, sentenced for vagrancy by the police court and ordered to work out their sentences on the rock pile, went on a strike. They held a meeting, gravely discussed the court's ruling, then announced they would not work.

When news of the strike was received by the police judge he ordered the men confined in jail on a diet of bread and water until they are willing to tackle the rock pile.

ROAD IS DAMAGED \$3,610,000

Pennsylvania Reports Flood Destroyed Twenty-four Bridges.

Philadelphia, April 26.—The damage sustained by the Pennsylvania Railroad company through the recent floods in the Middle West was \$3,610,000, according to a statement issued by the company.

"Twenty-four bridges were destroyed and fifty were damaged," says the statement. "In order that the movement of trains should not have to await the permanent replacement of bridges it was necessary immediately to construct an amount of trestle work equivalent to 4.28 miles of single track."

Julius Lehmann Succumbs.

St. Louis, April 26.—Julius Lehmann, a former member of the St. Louis municipal assembly, who was convicted of bribery while Joseph W. Folk was circuit attorney of St. Louis, is dead from a heart affection. He had been ill eighteen months.

Canal Zone to Be Dry.

Panama, April 26.—By direction of Lindley M. Garrison, secretary of war, the Panama canal zone will be without saloons during the coming fiscal year. At the present time there are thirty-five saloons in the zone towns.

Truth.

Bill—Why are you so certain that Jones is a truthful man?
Will—He had a black eye one day, and when I asked him how he got it he told me that a man hit him.—Cincinnati Enquirer.

Pilgrims' Society Gives Farewell Dinner to Mr. Bryce.

SIX YEARS IN THIS COUNTRY

British Ambassador Will Sail for Home From San Francisco on May 3 via the Orient—Mr. Bryce in the Course of an Address Emphasizes Existing Friendship Between Great Britain and the United States.

New York, April 26.—James Bryce said goodbye to the American people at a dinner given here in his honor by the Pilgrims' society of the United States. After six years as British ambassador to this country Mr. Bryce will sail for home from San Francisco May 3, via the Orient.

Many noted men sat at the guest table with Ambassador Bryce, who in a speech emphasized the friendship between the United States and Great Britain. The ambassador sat at the right of Joseph H. Choate, president of the Pilgrims' society, and acted as toastmaster. At Mr. Choate's left was Walter H. Page, present American ambassador.

Referring to the friendship existing between America and Great Britain, Mr. Bryce expressed the hope that this might be extended to embrace other countries. He did not touch directly upon any issue now pending between the American and British governments. This statement, however, was regarded as significant.

Refers to National Honor.

"With good will and with a conviction that one of every nation's highest assets is that sense of national honor which will make it live up to its international obligations all questions between nations can be adjusted and I am sure that any questions between your country and mine will be adjusted in that way."

Mr. Choate began his speech with an apology on behalf of the dinner committee.

"They have not furnished you with that improved, imperishable, diplomatic beverage that has just been put forward," he said. "However, our committee had no other thing to do. The news of this new diplomatic beverage came to us too late; we heard of it through all of the papers—learned that the department of state had prescribed this new beverage and learned it was drunk in bumpers amid great applause. I can promise Mr. Bryce that he will have that when he comes back to us again and surely he is coming again. Then we will give him full bumpers of the new beverage and he will find it a joy that will live forever."

GOTHAM JAPS PRAISE WILSON

Declare California Legislation is Violation of Treaty.

New York, April 26.—The Japan society at a meeting of its executive committee adopted a message which was dispatched to President Wilson supporting "him in all he is doing to maintain the honor of the nation" in his attitude toward California's proposed anti-Japanese legislation.

The alien land bill, the message declares, ignores treaty obligations of the United States and is directly against a friendly nation that has "scrupulously observed its engagements in this country," and raises a grave issue.

California's bill was deplored in speech, letter and telegram at the meeting. Communications were read by Lindsay Russell, president of the society, from Andrew Carnegie, Jacob H. Schiff, Charles W. Eliot, president emeritus of Harvard university; President David Starr Jordan of Leland Stanford, Jr., university, former Mayor Seth Low and Lloyd C. Griscom, former ambassador to Italy, all executive members.

NURSES SAVE MANY LIVES

Two Hundred Persons Endangered by Fire.

Chicago, April 26.—Directed by Miss Mabel Pittipriet, the head nurse, thirty-five nurses at the Chicago Union hospital rescued nearly 200 patients whose lives were endangered by flames.

Fire broke out in the basement of a two-story frame addition to the house occupied by the nurses.

The patients crawled from their beds to the windows in a panic. The nurses, some of whom were in their night clothing, seized coats and carried one after another of the sick inmates downstairs to places of safety. The fire loss was small.

FIND DEATHS NATURAL.

St. Louis, April 26.—An inquest into the deaths of Mrs. Ernestine Kommichau, seventy-eight years old, and her daughter, Miss Selma Kommichau, fifty-five years old, whose bodies were found Wednesday buried in the cellar beneath their home, resulted in verdicts of natural death.

At the
Empress Theatre

The Dayton Flood Pictures

Attorney J. H. Broady, of Lincoln, Neb., is visiting his sister, Mrs. D. A. Haggard. Mr. Broady is a member of the Nebraska statute commission which prepared the revised code recently adopted by the legislature of that state.
Muresco Sanitary Wall finish is sold only by D. M. Clark & Co.—Advt.
On Wednesday, April 23, Edwin A. Lamb, Jr., of Michigan City, N. D., was married to Miss Jessie Fox at Fargo, N. D. Miss Agnes I. Lamb, sister of the groom, was the bridesmaid. Mr. Lamb is a son of Edwin A. Lamb, Sr., of Deerwood. The couple will make their home in Minneapolis.
Read "Michael's" ad.
Marcus Grande, of Barrows, has leased from Samuel Maddock for a period of ten years the gravel pit located in the northwest quarter of the southeast quarter of section 11, township 44, range 30, and he agrees to pay 10 cents a cubic yard for the gravel and to remove at least 200 yards a year.
Farm loans for farms by a farmer, R. R. Livingston, Telephone 414-3.—Advt.
Phil McDonald, for a long time passenger brakeman on Nos. 31 and 32, has been transferred to trains 7 and 8 going out of St. Paul. Mr. McDonald has made many friends by his courtesy which has been of the unfailing, spontaneous kind and the boys say that McDonald really never had a grouchy moment since he's been on the local run.
Get a 25c safety razor at D. M. Clark's. Guaranteed to be as good as any dollar razor on the market.—Advt.
Capt. Roald Amundsen, the discoverer of the South Pole, arrived in the city on the afternoon train and was greeted at the depot by a large delegation of citizens headed by Mons. Mahlum, A. M. Opsahl, A. G. Trommaid, Rev. M. L. Hostager and Attorney Halvorson. Capt. Amundsen has the sturdy bearing and the clean cut shoulders of the Norwegian military man and walks and carries himself with the precision of a soldier. He is rather thin, but no man who has endured the hardships he has passed through could be expected to be of corpulent build. Capt. Amundsen will deliver his South Pole lecture at the opera house this evening.

Beware of Ointments for Ocatarrh that Contain Mercury
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O., by F. J. Cheney & Co. Testimonials. Sold by Druggists. Price 75c per bottle.
Take Hall's Family Pills for constipation.

NEW ITALIAN BATTLESHIPS.
Type Has Been Decided on, and Four Will Be Done by 1916.
The type of the Italian Dreadnought has been settled upon, and four of them are expected to be in commission by 1916. Each will carry nine fifteen-inch guns in three turrets, one forward and two aft.
They will be of 30,000 tons displacement and will have a speed of twenty-five knots an hour. They will have very heavy armor, the maximum thickness of which will be thirteen inches. They will cost about \$18,000,000 each.
Correct.
The teacher was explaining the tenses. "Now, Willie," she said, "suppose I should say, 'I have a million dollars.' What tense would that be?"
"That'd be pretense," answered Willie.—Boston Transcript.
"Hug" Dances Barred.
Because of the agitation aroused by the supposedly immoral effect of the various "hug" and "cuddle" dances the school authorities at Washington recently issued an edict forbidding a space of less than three inches between dancers.

DEVELOPMENTS OF WEEK ON RANGE

Range Underground Mines Working Full Blast—Will Soon Have Full Crews

SEASON'S OUTPUT 1,000,000 TONS

Property in Section 13-45-30 East of Brainerd Leased to Longyears

At the underground mines recently involved in the strike 75 per cent of the men are back to work, the balance having left the range for the Mesaba and other ranges. Before the strike the Kennedy mine at Cuyuna was hoisting 800 tons a day and the Armour No. 1 and Armour No. 2 were each hoisting 750 tons a day. At the present time the Kennedy mine is hoisting 500 tons and the Armour No. 1 and No. 2 are each taking out 450 tons. H. J. Kruse, superintendent of the Rogers, Brown Ore Co., expects many of these miners to return within a week or ten days and full crews will soon increase the ore production.

The company will soon receive a 70 ton Bucyrus steam shovel which on May first will start to work on one of the Armour mines stockpiles. A new steam shovel will also be put to work at the Kennedy mine. Both shovels were purchased by the Rogers, Brown Ore Co. Last year they rented one from the Soo line.

Engineering and exploration work has been carefully gone over at the Armour No. 1 mine and the proposition of changing from an underground, to a pit mine is being considered.

Mr. Kruse, when requested to give his idea of this year's production on the range, gave the following figures covering mines that he was certain would ship about the amount designated Armour No. 1 mine 200,000 tons. Armour No. 2 mine 200,000 tons. Kennedy mine 260,000 tons. These three properties are controlled by the Rogers-Brown Ore Co. Thompson mine of the Inland Steel Co., 100,000 tons. Pennington pit mine 100,000 tons. Cuyuna-Mille Lacs mine 50,000 tons. Cuyuna-Duluth mine 25,000 tons. Adams mine at Orelund 10,000 tons. Barrows mine 50,000 tons. This would make a total of 995,000 tons, and the figures come within the limit, 1,000,000 tons, which Carl Zapffe, of Brainerd, early set as the high water mark for this season's production on the Cuyuna iron range. Of course there are other properties, like the Iron Mountain Mining company, the Pittsburgh Steel Ore Co. hydraulic mine which expect to enter the shipping lists and may ship 25,000 to 50,000 tons.

Emil Winter, of Pittsburgh, Pa., banker and three mining men of Pittsburgh, P. H. Nelson, superintendent of the Pittsburgh Steel Ore Co., Supt. of the Soo Line Mr. Michaels and Agent Sherwood, a Soo man from Duluth, visited the range, coming from Duluth in Mr. Michael's office car. In company with H. J. Kruse they visited the Armour No. 1 and No. 2 mines, the Pennington pit mine and the hydraulic mine of the Pittsburgh Steel Ore company. The latter company will soon erect a concentrator to wash the decomposed silica from the ore, using electric power. A test shaft is to be sunk in the near future. Exploration work of all kinds is rushing on the range.

The Interstate Exploration company has finished drilling the Mattson property west of Ironton, and no ore being found, the 60 acres have been platted by John Matson into an addition to Ironton.

Cuyler Adams and F. A. Edson, of Deerwood, the O'Brien Mercantile company, Dr. Werner Hemstead, C. A. Albright, R. J. Hartley, and Jas. M. Elder of Brainerd, and L. A. Barton of Gordon, Wis., have given a 50 year lease to the E. J. Longyear company of Minneapolis on their property located in the east half of the northwest quarter of section 13, township 45, range 30 at a royalty

of 30 cents a ton and a minimum tonnage of 10,000 tons per year the first two years, 20,000 tons per year the next two years and 30,000 tons annually thereafter. The fee to the land is divided in the following proportion: Cuyler Adams 5-24, F. A. Edson 1-24, O'Brien Mercantile Co. 4-24, Dr. Werner Hemstead 4-24, C. A. Albright 4-24, R. J. Hartley 4-24, James Elder 1-24 and L. A. Barton 1-24.

Mary Jane Root, widow, has given an option to J. J. Robinson and Joseph Weinberg to purchase for \$2000 the south half of the southwest quarter of section 15 and the east half of the southeast quarter of section 16, township 43, range 32, with a royalty of 10 cents a ton attached and a minimum tonnage of 5,000 tons the first year, 5,000 tons the second year, 15,000 tons the third year and 20,000 tons the fourth and each succeeding year.

W. P. Lardner has transferred to the Min-Dul Exploration Co. his interest in a mining lease from Swan Peter Nelson to W. P. Lardner and Alexander Hamfield dated July 20, 1911 in government lot 1 and the south half of the northeast quarter of section 2, township 46, range 29, of which an undivided half interest of the lease was assigned by Hamfield to the Cuyuna Exploration Co. and by such company assigned to Lardner.

Oscar Syreen of International Falls, Amanda Syreen, widow, Wm. A. Syreen and George Syreen of Crow Wing county have given a mineral lease to W. W. Bane for 50 years and covering lots 1 and 2 and the northeast quarter of the northeast quarter of section 17, township 46, range 29 and the south half of the south half of section 20, township 46, range 29 at a 30 cent royalty with a minimum tonnage of 5,000 tons the first year, 8,000 tons the second year, 10,000 tons the third and fourth years and 30,000 tons annually thereafter.

Albert Carlson has sold to George A. Hitchcock for \$2,400 the southeast quarter of the northwest quarter, the southwest quarter of the northeast quarter, the northwest quarter of the southeast quarter of section 8, township 136, range 28. J. A. Thoren has sold to J. D. Lamont the southeast quarter of the northwest quarter of section 35, township 47, range 29.

Wm. Harrison and others have sold to the Zeno Iron company an undivided 15-100 interest in minerals in the west half of the southeast quarter and the east half of the southwest quarter of section 28, township 47, range 29. Thomas A. Merritt has sold to John B. Arnold an undivided 1-3 interest in the south half of the northeast quarter, the east half of the southeast quarter of sec. 36, twp. 44, rge. 32. Isaiah H. Martin has sold to James B. Fulton for \$2160 the southeast quarter of the northeast quarter, and the east half of the southeast quarter of section 2, township 138, range 26.

J. J. Barrett has sold to D. M. Gillies an undivided 1-32 interest in the minerals in the south half of the southwest quarter of section 31, township 136, range 27. George G. Weaver has sold to each of Carl Kurenacker and Charles H. Peterson a 1-3 interest at \$1140.80 in lots 5, 6, 7 or the southeast quarter of the southwest quarter and the south half of the southeast quarter of section 26, township 45, range 28.

Wm. Harrison has sold to the Monakee company an undivided 2-9 of the east half of the northeast quarter of section 35, township 47, range 29. C. J. Oberg of Deerwood, has sold to W. S. Pitt of Crosby, the southwest quarter of the southwest quarter of section 10, township 46, range 29. Jacob Stein has sold to each of G. T. Eagling and F. A. Kemp an undivided 1-24 interest in the northeast quarter of section 6, township 133, range 28 for \$280.

Our Nearest Approach.

"Have you any decorations in America like the Victoria cross, for example?"

"Er—er—well, I think perhaps the double cross is our nearest approach to it."—New Orleans Times-Democrat.

HARRISON SCHOOL PROGRAM

Given by the Pupils of the School on Friday Afternoon—Many Parents Attend

Pupils of the Harrison school, assisted by Mrs. Prescott and the high school orchestra gave a very pleasing program at the school on Friday afternoon which was largely attended by parents and friends. The program follows:

1. "Apple Blossoms" neverie. High School Orchestra
2. Songs, "Daffodils" and "Santa Lucia" 6th, 7th and 8th grades
3. Piano solo. Esther Whiting
4. Duets by Dagmar Olson and Mildred Bredenberg; Esther Whiting and Hazel Worden.
5. "Cavallera Rusticana" intermezzo and "Traumerel" High School Orchestra
6. Recitation, "My Shadow" Friea Terazo
7. Vocal solos, "Big Wax Doll" Delphine Bergstrand "Robin" Agnes Headman
8. "Harbor of Love" medley High School Orchestra
9. Piano solos, "Gertrude's Dream Waltz" Stella Erickson "Golden Hour Waltz" Goldie Hedlund
10. "Flower Song" Orchestra
11. Songs, "Vesper Hymns" and "Praise the Lord" 5th and 6th grades
12. Duets by Mabel Bentley and Esther Erickson; Isabelle Worden and Rhoda Frayer
13. "Songs of the Nations" Orchestra
14. Dramatization of "The Girl Who Trod on the Loaf" 4th grade
15. Folk dances, "Ma's Little Pigs" 2nd and 3rd grades "I See You" Primary

Mr. Brown, of the Victrola company, gave four vocal selections on a Victrola to show the tone quality of voices.

THE LAST SERVICES

Funeralbearers at Judge G. W. Holland Funeral Were all Lifelong Friends of the Judge

The funeral services over the remains of Judge W. Holland were under Masonic auspices with a Knights Templar escort. At the home of George D. LaBar at three o'clock a short service was read by Rev. G. P. Sheridan. The floral tributes were many and of the most beautiful kind and showed the high esteem in which Judge Holland was held by all who knew him.

With Mrs. James M. Elder at the piano, a quartet composed of Mrs. C. A. Albright soprano, Mrs. C. W. Hoffman alto, John Bye tenor and Robert Crust bass, sang tenderly "Nearer My God to Thee" and "The Rock of Ages."

At the grave the solemn, sad rites of the Masonic order were exemplified. The pallbearers, all lifelong friends of the judge, were Judge W. A. Fleming, Judge W. S. McClenahan, Henri Ribbel, Fred A. Farrar, R. R. Wise and Former Senator S. F. Alderman.

Drive Sick Headaches Away

Sick headaches, sour gassy stomach, indigestion, biliousness disappear quickly after you take Dr. King's New Life Pills. They purify the blood and put new life and vigor in the system. Try them and you will be well satisfied. Every pill helps; every box guaranteed. Price 25c. Recommended by H. P. Dunn. —Advtd. tts

BRAINERD, A TRAIN CENTER

Installation of New Train Service by Northern Pacific Increases Brainerd's Importance

All new train schedules of the Northern Pacific railway for this section take effect on Sunday, April 27. Brainerd will then have two trains from the north, three from the south, five from the east and three from the west.

CAN YOU DOUBT IT?

When the Proof Can be so Easily Investigated

When so many grateful citizens of Brainerd testify to benefit derived from Doan's Kidney Pills, can you doubt the evidence? The proof is not far away—it is almost at your door. Read about a resident of Brainerd says about Doan's Kidney Pills. Can you demand more convincing testimony?

Mrs. W. J. Coons, 920 Seventh St., Brainerd, Minn., says: "It was three years ago that I had kidney trouble and lameness in my back. I was then living at Little Falls, and upon using Doan's Kidney Pills, was relieved. Others of my family have taken this remedy for kidney complaint. Our experience convinced us that this remedy has not been endorsed one bit too highly. Doan's Kidney Pills, procured at H. P. Dunn's drug store, not only act promptly but the results are lasting."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

MUSIC AND DRAMA

Talks of Scott's Fate

When asked regarding the unfortunate Scott party on the South Polar expedition, Amundsen says:

"I was never nearer Scott than 150 land miles. We were coming back from the pole when they were going in. They followed our tracks over the high plateau for 120 miles. We were one month ahead of them. I never met Scott, nor did I hear of his death until I was lecturing at Madison, Wis., February 11.

"I saw much coal in that Antarctic Continent; it is cropping out through the snow among the rocks. I know of no other mineral there. The geological formations and remains showed that there was once a tropical climate there. I doubt if the coal supplies can ever be generally utilized. It will be some time before they run week end excursions there.

"I wish to prevent confusion regarding my coming trip and the trip in which we made the northwest passage. The northwest passage in the old Gjoa, was started from the east, and we drifted westward along the northern coasts of Canada and Alaska, coming out through the Bering Straits into the Pacific. The next trip we will go straight north through the Straits and try to cross the Pole."

While in Oakland, Calif., an invitation to start his voyage through the Arctic Basin, from the new municipal wharves of that city, was extended to Amundsen by members of the Commercial club. With the invitation the club pledged \$1,000 toward the expenses of his trip. The invitation was made by the president. The explorer received the offer with thanks, saying it was the first of the nature and would be given first consideration. That he may consider it favorably was indicated to the members by his remark at the door, when some one said "Good-bye."

"Why goodbye?" Amundsen queried. "When you have just invited me to start the Fram northward from your city next year?"

Capt. Amundsen arrived in Brainerd this noon and will lecture to-night at the Brainerd opera house under the auspices of the Sons of Norway. The seat sale has been heavy.

"The Wolf"

The advance sale of seats for "The Wolf," is progressing at H. P. Dunn's and judging by the inroads made on the ticket racks the first day of the sale it is evident that the pretentious offering will receive an enthusiastic welcome at the Brainerd opera house Sunday evening, April 27. The locale of "The Wolf" is laid in the Canadian Hudson Bay fur country, and the narrative is one of love and revenge among the early settlers of the Canadian woods. It tells the story of a miserable husband and unnatural father, one Andrew McTavish, a Scotchman, who married a Swedish woman, and then hated her because she brought into the world a daughter instead of the son he wanted. Around this girl's life is woven a story rich in adventure, and ending in one of the most thrilling climaxes ever produced on the stage.

RAILROAD NOTES

On Sunday, April 27, the Northern Pacific railway will inaugurate its new Duluth and Superior passenger service to the west. The new "Twin Ports Limited," a fast, de luxe observation car and dining car train, will afford direct service in connection with train No. 1, the "North Coast Limited" and train No. 5, the "Pacific Coast Express," westbound, and train No. 4, the "Northern Pacific Express," eastbound, to and from Fargo, Jamestown, Bismarck, Mandan, Glendive, Terry, Miles City, Billings, Butte, Helena, Missoula, Spokane, Seattle, Tacoma, Portland, Vancouver, California, etc.

This new "Twin Ports Limited" is one of the crack trains of the Northwest. It is entirely electric lighted, has observation-library-lounging car of the North Coast Limited style, dining car and large easy-riding coaches. The Northern Pacific railway, the "route of the great big baked potato" is to be commended for the train service it is giving Brainerd, the Cuyuna iron range and the head of the lakes.

The "Twin Ports Limited," westbound, leaves Duluth daily at 10 in the morning, Superior at 10:15, Aitkin 1 P. M., Deerwood 1:18 P. M., Brainerd 1:47 P. M., arriving at Staples at 2:40 P. M., where connections are made with Trains Nos. 1 and 5.

Eastbound the "Twin Ports Limited" leaves Staples daily at 7:05 P. M., Brainerd 7:53 P. M., Deerwood 8:19 P. M., Aitkin 8:35 P. M., arrive at Superior at 11:10 P. M. and Duluth at 11:25 P. M.

The Soo Line will build an eight mile branch south from Wahnkon through a farming and timber country which is not now touched, according to reports recently received. The contract for the grading has been let to Fred Baxter, of Superior. Mr. Baxter has successfully completed work for the Soo on the Cuyuna range and only recently was working in the vicinity of Ironton. It is understood work is to commence at once on the Wahnkon branch and that from 150 to 200 men will be employed practically all summer.

WE have just received and have just placed in stock the largest line of art needlework we have ever shown. This needlework was most carefully selected from the largest needlework importers in America.

We are now showing everything that is new and good. This includes stamped dresses and rompers for children; stamped lingerie of all kinds; stamped towels; stamped pillow cases; stamped pillows, in fact everything that is new and desirable in stamped goods.

We shall be pleased to give you any assistance that you may wish in needlework. Let us show you the new things.

Pains in the Stomach

If you continually complain of pains in the stomach, your liver or your kidneys are out of order. Neglect may lead to dropsy, kidney trouble, diabetes or Bright's disease. Thousands recommend Electric Bitters as the very best stomach and kidney medicine made. H. T. Alston, of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended and I improved from the first dose. I now feel like a new man." It will improve you, too. Only 50c and \$1.00. Recommended by H. P. Dunn.—Advtd. tts

Salvation Army, 219 South Fifth street. Meetings at the Army during the week are on Tuesday, Thursday and Saturday at 8 P. M. Sundays at 11 a. m. and 3:30 and 7:30 p. m. All are cordially invited to attend these services. Capt. Johnson.

St. Francis Catholic church, North

Ninth and Juniper streets—Rev. Father J. J. O'Mahoney, pastor. Rev. John Crean, assistant pastor. Hours of service: Sunday mass 6:30 A. M. at St. Joseph's hospital. 8 A. M. at St. Francis church. 9:15 children's mass. 10:30 high mass. On Wednesdays, mass at St. Francis church at 7:30 A. M. and at St. Joseph's hospital at 6:30 A. M. Vespers at St. Francis church at 7:30 P. M. every Sunday evening, except during the months of July and August, when there are no evening services.

Coughs and Consumption

Coughs and colds, when neglected always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by H. P. Dunn.—Adv't.

Measure Paint Value by the Time it Lasts Not by first cost

DON'T think "paint is paint." There are as many different qualities of paint as there are manufacturers of that staple product. Some paint is put out to sell at a price, no matter how cheap—the ingredients are a secondary consideration.

Now, Bridgeport Standard Prepared Paint is "made up to a standard, not down to a price." If there were any way of making it better; if there were any way to improve its quality; if anything could be done to enhance its value, it would be done.

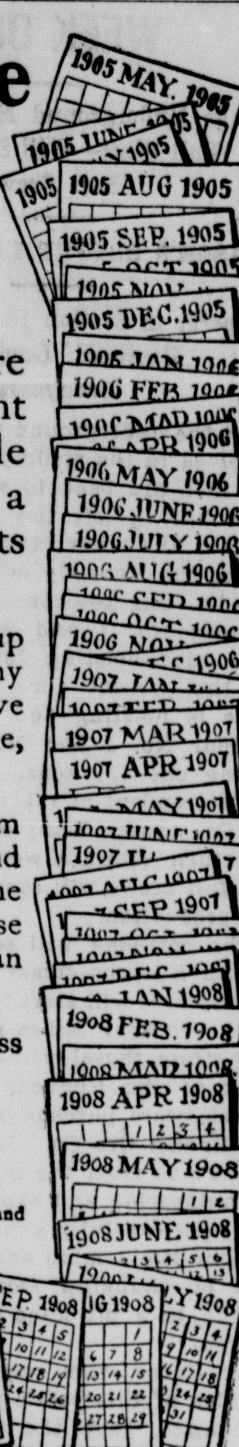

Bridgeport Standard Prepared Paint is made from scientific formulas of the best ingredients obtainable, and when properly applied will outlast any other paint on the market. It will hold its appearance longer, and the house painted with it will require repainting less frequently than if any other paint is used.

You may be able to buy prepared paints that cost you less per gallon, but they will cost you more per year.

For Sale By

BRYAN'S VISIT MAY BE BRIEF

Secretary Talks of His Trip to Sacramento, Cal.

RECEIVES MANY INVITATIONS

Various Organizations at San Francisco and the State Capital Ask Commissioner to Deliver Addresses—Bryan Says His Mission Is Without Precedent, but May Establish Several.

Chicago, April 26.—"I shall go direct to Sacramento and will return to Washington as soon as I possibly can," said Secretary of State Bryan here as he boarded his train. "I cannot forecast how long my absence may be, but I hope it will be short. I ought to be in Washington."

Mr. Bryan nodded his head with emphasis and added, "I hated to leave Washington just now. I would not have done so if it had not been necessary. These are important days at the capital and I shall hurry back."

Mr. Bryan declined to make any statement in connection with the coming conferences with Governor Johnson and the California legislature.

"My embassy," he said, in answer to a question, "as far as my memory goes, is without precedent. We may create precedents in our conferences, but it would not do to speak of them in advance."

Will Have Warm Welcome.

That the secretary will have a hospitable welcome in California was shown in five invitations he received here by telegraph to address public bodies in San Francisco and Sacramento. The chamber of commerce of San Francisco, the Commonwealth club, the Commercial club and the California Development board, all of San Francisco, telegraphed asking for addresses, and the chamber of commerce of Sacramento offered the use of a theater and asked for a public speech.

Mr. Bryan said he had been obliged to decline the invitations from San Francisco, as there was no likelihood he would be able to speak there. There was more chance that he would speak in Sacramento, but he could not make an engagement.

May Not Make Addresses.

"I replied to the gentlemen in Sacramento that I had been dispatched by the president to confer with the governor and legislature of their state," Mr. Bryan said, "and under those circumstances, while I appreciated their invitation, I did not deem it proper for me to make any speaking engagements."

Mr. Bryan added that as representative of the president he had never doubted a cordial welcome from California. The secretary was accompanied only by his secretary, Robert Rose.

While in this city Mr. Bryan had brief conferences with Senator Lewis, William L. O'Connell, Governor Dunne's representative, Mayor Harrison and several other Democratic leaders.

CHINA IS TAKING NOTICE

May Also Protest Against Alien Land Legislation.

Washington, April 26.—Secretary Bryan is not expected to spend more than a week in Sacramento conferring with Governor Johnson and the state legislators over the proposed anti-alien land laws. From semi-official sources it was said that Mr. Bryan expected to present the views of President Wilson and do all that was possible to remove friction between the United States and Japan over that particular legislation in time to be back in Washington on May 7.

In official circles it was suggested that the energy with which Japan had protested against the enactment of the pending alien land holding legislation in California had served to obscure the fact that many Chinese would be affected by such laws, though not in proportion to the Japanese residents.

The Chinese legation here, though noting the facts, has refrained from lodging any protest at the state department, while awaiting instructions from Peking as well as the issue of the negotiations between America and Japan regarding the question of alien land ownership.

CHINESE LOAN ARRANGED.

Peking, April 26.—The five-power loan contract has been completed and the bankers representing the English, French, German, Russian and Japanese groups expects that it will be signed at once. The minister of finance, who had been persuaded to return to Peking to sign the five-power loan of \$125,000,000, reached Peking on a special train from Tien Tsin, whither he had fled a few days ago for asylum in the foreign concessions, the customary place of safety for frightened cabinet officers.

GOVERNOR HATFIELD.

West Virginia Miners Accept Peace Proposal.

VIRGINIA MINERS FOR PEACE

Kanawha Workers Vote to Accept Governor's Proposal.

Charleston, W. Va., April 26.—Striking miners of the Kanawha coal fields in special convention here voted to accept the proposals of Governor Henry D. Hatfield for a settlement of the trouble. The strike has been in progress over a year. It has been marked by much rioting and considerable bloodshed, while three times martial law has been proclaimed.

MONTENEGRO MUST EVACUATE SCUTARI

But Powers Are Unwilling to Use Armed Force.

London, April 26.—The ambassadorial conference met again. Premier Asquith and Viscount Morley, lord president of the council, were present and discussed the Scutari problem. It is understood if the conference adheres to its decision Montenegro must evacuate Scutari, but is indisposed to acquiesce in Austria's demand that the powers undertake to compel evacuation by arms.

No demand has been formally sent to the Cetinje government and probably nothing will be done in this respect until after the next meeting of the conference Monday, when Sir Edward Grey, the British foreign minister, who has been absent from London this week, again presides over the deliberations.

BREWERS FILE COMPLAINT

Allege Excessive Charges For Transportation of Liquor Containers.

Washington, April 26.—Brewers of Minneapolis, St. Paul, Duluth and La Crosse, Wis., filed a complaint with the interstate commerce commission against railroads operating in Western classification territory, alleging that excessive charges are being made for the transportation of beer and malt liquor containers in single shipments. It is alleged that Western classification No. 50 provides that empty containers shall be returned at one-half fourth-class rate, but that this rate is nullified in a Western trunk line circular fixing the charges on a single shipment of containers at the third class rate. The brewers contend that under the provision of this circular they are obliged to pay the same rate on containers returned to them as on the original shipments of full receptacles.

HAIRPIN SURGICAL FORCEPS

Woman Removes Top Spindle in Her Throat Ten Years.

Warrensburg, Mo., April 26.—The old assertion that a woman can do anything with a hairpin was given new weight when Miss Mary Riddle of this city straightened out one of the things, bent the end into a hook, and with it removed from her throat the spindle of a top which for ten years had caused her great suffering.

For years Miss Riddle suffered frequent attacks of extreme nausea. Many forms of treatment by physicians failed to relieve her. Finally she was told she must go to a hospital and submit to an operation, but she dreaded the operating table and refused.

She located a metal substance and a moment later drew out the spindle.

Noted Goldsmith Killed.

Paris, April 26.—The residence of Emile Froment-Meurice, in one of the most aristocratic quarters of Paris, collapsed, killing M. Froment-Meurice and his wife. M. Froment-Meurice was one of the most celebrated goldsmiths in Europe. He was a descendant of the painter, Rubens. One of his sons, Francois, is a well known municipal councillor and another is a celebrated sculptor.

FATE OF TARIFF BILL IN SENATE

Opponents Will Make Their Big Fight There.

HOUSE DEMOCRATS FIRM.

Although Dissatisfied With Many Items, They Will Support Measure as a Whole—Underwood's Strength and President Wilson's Influence May Save Schedules.

By ARTHUR W. DUNN.

Washington, April 26.—[Special.]—Opponents of the Underwood tariff bill are going to make their great fight in the senate. The manner in which the Democratic caucus of the house has stood by the ways and means committee is proof positive that any effort to secure changes during the consideration of the bill in the house will be futile.

The Democrats of the house, though dissatisfied with many items in the bill, are going to support it as a whole. They have practically agreed to stand firm. This means a mighty big boost for the Underwood bill, more particularly as it has the support of the administration. President Wilson has a great deal of influence in congress not only among the members of the house, but also in the senate.

Pressure on the Senate.

It appears that pressure will be brought upon the senate by means of petitions, letters, personal interviews with senators and probably many so called lobbyists will be employed by different interests to work for a change in rates. But it is expected that the most important results will be reached by petitions and appeals from constituents of senators. Not only manufacturers, but workmen employed in different industries, are expected to write to their senators urging changes in the interest of greater protection for the lines in which they are employed.

Direct Vote and Senators.

In this connection an interesting phase of the situation develops out of the ratification of the amendment to the constitution which provides for the election of senators by direct vote of the people. Every voter will have an opportunity to express his views as to who shall be senator from his state.

Thirty-two senators are to be elected to take their seats in the Sixty-fourth congress, and most of them will be chosen in 1914. Another thirty-two will be chosen in 1916, the presidential year. So it is expected that senators will be influenced by the desires of their constituents for the reason that these voters will have a direct voice in selecting their successors.

A Curious Analogy.

It is a rather curious analogy, however, to assume that senators will be shaken by petitions and letters because they are now directly responsible to the people when the members of the house who have been and continue to be so responsible have determined to stand by the reduced tariff legislation. It would seem that if members of the house, who must go before the people next year, are satisfied the senators likewise will be in the same boat. It looks as if the last effort of those desiring more protection than the Underwood bill affords is to be concentrated on the senate in the hope that something may be accomplished, although the reasoning does not bear out their hopes.

Seclusion of Their Homes.

When cabinet officers desire to secure time for public business they remain at their homes, thus avoiding the hundreds of visitors at the different departments. Of course a cabinet officer may shut himself in his office and deny himself to visitors, but he can't do it very well when senators and representatives are among the callers. When told that the cabinet officer is not in his office the visitors depart, and even congressmen do not feel like pursuing them to their homes.

Militant Murdock.

Vic Murdock is showing that he is a real minority leader. He gets into the congressional fray as often as Jim Mann, and, though he has not been able to accomplish very much, he is having as much fun as any other man in the house. Murdock is truly militant.

Senate Minority Leader.

No one has yet determined who is the minority leader of the senate. The selection of Senator Gallinger for chairman of the caucus naturally gave him that official status, but Lodge of Massachusetts and Smoot of Utah do not get out of the way. Recently it developed that Penrose of Pennsylvania may have aspirations. As former chairman of the finance committee he has some claims, and as he is quite effective when he takes the floor he may be a leader on the Republican side.

Interesting Reading.

Biographies of many new members who appear for the first time in the Congressional Directory make mighty interesting reading. Some of them put in their platforms of principles, others tell interesting personal stories of themselves and their families, while others tell at length of various political positions they have held from town clerk to membership in the house. All this makes interesting reading for a few days when the new directory appears. In later editions many of these biographies are pruned.

A Pleasing Prospect.

Poet—Have you seen my "Descent Into Hades"? Editor—No, but I'd be delighted to see it.—Brooklyn Citizen.

BELVA LOCKWOOD.

Defends Secretary Bryan's Wineless Dinner Policy.

GRAPE JUICE GAIETY SAFE

So Says Belva Lockwood in Bryan's Defense.

Washington, April 26.—Some of the notables of Washington life took a part in the international comment on Secretary Bryan's grape juice banquet to British Ambassador Bryce, which was attended by the first figures of the diplomatic corps. Many foreign newspapers have published editorials on it and Secretary Bryan himself has issued a statement.

Belva Lockwood, who among other distinctions bears those of having been nominated for president of the United States, one of the original suffragists and the first woman lawyer admitted to practice before the supreme court, approves the secretary's discrimination.

"Grape juice gaiety is the safe and sane gaiety," she said, "and it doesn't leave a head in the morning. We should worry about London's criticisms."

O'HARA TELEGRAPHS PRESIDENT WILSON

Calls Attention to Attitude of Big Corporation.

Springfield, Ill., April 26.—Following the session of the Illinois senate white slave commission Lieutenant Governor O'Hara sent a telegram to President Wilson and another to the lieutenant governor of Missouri, calling their attention to the disclosures made here. The telegram to President Wilson read:

"At a hearing of the Illinois senate vice commission it appeared that the conditions surrounding the employment of girls at the Springfield factory of the International Shoe company apparently were the most open to criticism of any so far discovered by this commission. The revelations were so astounding that Senator Neils Juul, Republican, and the dean of our state senate, openly and bitterly denounced this corporation.

"As I have been informed that this corporation is supporting a lobby at Washington in opposition to your proposed tariff law on the grounds that if certain duties are removed the girl workers in their shoe factories will be brought into competition with the cheap labor of Europe I believe your attention should be called to the testimony given here."

MANY NOTED MEN AT GUEST TABLE

WIDOW ACQUITTED OF CRIME

Chicago Woman Not Guilty of Slaying Husband in Atlanta.

Atlanta, Ga., April 26.—Mrs. Callie S. Applebaum was found not guilty of the murder of her husband, J. A. Applebaum, a Chicago traveling salesman found dead in a local hotel several weeks ago. The jury deliberated thirty-six minutes.

The body of Applebaum was found on the morning of Feb. 25 last in a room at a hotel where Mr. and Mrs. Applebaum had been staying. Three pistol bullet wounds in the body caused death.

Mrs. Applebaum maintained she did not know how her husband was shot.

REFUSE TO POUND ROCKS

Industrial Workers Put on Bread and Water Diet.

Colorado Springs, Colo., April 26.—Fourteen members of the Industrial Workers of the World, sentenced for vagrancy by the police court and ordered to work out their sentences on the rock pile, went on a strike. They held a meeting, gravely discussed the court's ruling, then announced they would not work.

When news of the strike was received by the police judge he ordered the men confined in jail on a diet of bread and water until they are willing to tackle the rock pile.

ROAD IS DAMAGED \$3,610,000

Pennsylvania Reports Flood Destroyed Twenty-four Bridges.

Philadelphia, April 26.—The damage sustained by the Pennsylvania Railroad company through the recent floods in the Middle West was \$3,610,000, according to a statement issued by the company.

"Twenty-four bridges were destroyed and fifty were damaged," says the statement. "In order that the movement of trains should not have to await the permanent replacement of bridges it was necessary immediately to construct an amount of trestle work equivalent to 4.28 miles of single track."

Julius Lehmann Succumbs.

St. Louis, April 26.—Julius Lehmann, a former member of the St. Louis municipal assembly, who was convicted of bribery while Joseph W. Folk was circuit attorney of St. Louis, is dead from a heart affection. He had been ill eighteen months.

Canal Zone to Be Dry.

Panama, April 26.—By direction of Lindley M. Garrison, secretary of war, the Panama canal zone will be without saloons during the coming fiscal year. At the present time there are thirty-five saloons in the zone and towns.

Truth.

Bill—Why are you so certain that Jones is a truthful man?

Will—He had a black eye one day, and when I asked him how he got it he told me that a man hit him.—Cincinnati Enquirer.

Pilgrims' Society Gives Farewell Dinner to Mr. Bryce.

SIX YEARS IN THIS COUNTRY

British Ambassador Will Sail for Home From San Francisco on May 3 via the Orient—Mr. Bryce in the Course of an Address Emphasizes Existing Friendship Between Great Britain and the United States.

New York, April 26.—James Bryce said goodbye to the American people at a dinner given here in his honor by the Pilgrims' society of the United States. After six years as British ambassador to this country Mr. Bryce will sail for home from San Francisco May 3, via the Orient.

Many noted men sat at the guest table with Ambassador Bryce, who in a speech emphasized the friendship between the United States and Great Britain. The ambassador sat at the right of Joseph H. Choate, president of the Pilgrims' society, and acted as toastmaster. At Mr. Choate's left was Walter H. Page, present American ambassador.

Referring to the friendship existing between America and Great Britain, Mr. Bryce expressed the hope that this might be extended to embrace other countries. He did not touch directly upon any issue now pending between the American and British governments. This statement, however, was regarded as significant.

Refers to National Honor.

"With good will and with a conviction that one of every nation's highest assets is that sense of national honor which will make it live up to its international obligations all questions between nations can be adjusted and I am sure that any questions between your country and mine will be adjusted in that way."

Mr. Choate began his speech with an apology on behalf of the dinner committee.

"They have not furnished you with that improved, imperishable, diplomatic beverage that has just been put forward," he said. "However, our committee had no other thing to do. The news of this new diplomatic beverage came to us too late; we heard of it through all of the papers—learned that the department of state had prescribed this new beverage and learned it was drunk in bumpers amid great applause. I can promise Mr. Bryce that he will have that when he comes back to us again and surely he is coming again. Then we will give him full bumpers of the new beverage and he will find it a joy that will live forever."

GOTHAM JAPS PRAISE WILSON

Declare California Legislation is Violation of Treaty.

New York, April 26.—The Japan society at a meeting of its executive committee adopted a message which was dispatched to President Wilson supporting "him in all he is doing to maintain the honor of the nation" in his attitude toward California's proposed anti-Japanese legislation.

The alien land bill, the message declares, ignores treaty obligations of the United States and is directly against a friendly nation that has "scrupulously observed its engagements in this country," and raises a grave issue.

California's bill was deplored in speech, letter and telegram at the meeting. Communications were read by Lindsay Russell, president of the society, from Andrew Carnegie, Jacob H. Schiff, Charles W. Eliot, president emeritus of Harvard university; President David Starr Jordan of Leland Stanford, Jr., university, former Mayor Seth Low and Lloyd C. Griscom, former ambassador to Italy, all executive members.

NURSES SAVE MANY LIVES

Two Hundred Persons Endangered by Fire.

Chicago, April 26.—Directed by Miss Mabel Pittsford, the head nurse, thirty-five nurses at the Chicago hospital rescued nearly 200 patients whose lives were endangered by flames.

Fire broke out in the basement of a two-story frame addition to the house occupied by the nurses.

The patients crawled from their beds to the windows in a panic. The nurses, some of whom were in their night clothing, seized coats and carried one after another of the sick inmates downstairs to places of safety. The fire loss was small.

FIND DEATHS NATURAL.

St. Louis, April 26.—An inquest into the deaths of Mrs. Ernestine Kommichau, seventy-eight years old, and her daughter, Miss Selma Kommichau, fifty-five years old, whose bodies were found Wednesday buried in the cellar beneath their home, resulted in verdicts of natural death.

Beware of Ointments For Ostrach that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O. by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

Stopped the Funeral.

The "funeral" at Zenta, in Hungary, of a man named Peter Hirti proved a sensation. The cortege was approaching the cemetery when the lid of the coffin was forced off, and Peter Hirti, alive and well, stepped out of the hearse onto the road. On seeing him the mourners were seized with panic. When the excitement subsided Peter Hirti related that he had made a bet that he could feign death and keep up the deception until the coffin in which he was placed was taken to the cemetery. The want of air compelled him to force the coffin lid before the cemetery was reached, and he therefore lost the bet.

WORK HARD.

You need no capital but a fixed idea and a resolve to carry it out. Want a thing harder than the world wants to keep you from it, and you'll wear through every opposition and get it. The man who works hard enough will find enough to repay him. Only the worker lasts. Carelessness and indifference and neglect are not timbers for the builder.—Herbert Kaufman.

THE STORE OF QUALITY

NEW ITALIAN BATTLESHIPS.

Type Has Been Decided on, and Four Will Be Done by 1916.

The type of the Italian Dreadnought has been settled upon, and four of them are expected to be in commission by 1916. Each will carry nine fifteen-inch guns in three turrets, one forward and two aft.

They will be of 30,000 tons displacement and will have a speed of twenty-five knots an hour. They will have very heavy armor, the maximum thickness of which will be thirteen inches. They will cost about \$18,000,000 each.

Correct.

The teacher was explaining the tenses. "Now, Willie," she said, "suppose I should say, 'I have a million dollars.' What tense would that be?" "That'd be pretense," answered Willie.—Boston Transcript.

"Hug" Dances Barred.

Because of the agitation aroused by the supposedly immoral effect of the various "hug" and "cuddle" dances the school authorities at Washington recently issued an edict forbidding a space of less than three inches between dancers.

DEVELOPMENTS OF WEEK ON RANGE

Range Underground Mines Working
Full Blast—Will Soon Have
Full Crews

SEASON'S OUTPUT 1,000,000 TONS

Property in Section 13-45-30 East of
Brainerd Leased to
Longyears

At the underground mines recently involved in the strike 75 per cent of the men are back to work, the balance having left the range for the Mesaba and other ranges. Before the strike the Kennedy mine at Cuyuna was hoisting 800 tons a day and the Armour No. 1 and Armour No. 2 were each hoisting 750 tons a day. At the present time the Kennedy mine is hoisting 500 tons and the Armour No. 1 and No. 2 are each taking out 450 tons. H. J. Kruse, superintendent of the Rogers, Brown Ore Co., expects many of these miners to return within a week or ten days and full crews will soon increase the ore production.

The company will soon receive a 70 ton Bucyrus steam shovel which on May first will start to work on one of the Armour mines stockpiles. A new steam shovel will also be put to work at the Kennedy mine. Both shovels were purchased by the Rogers, Brown Ore Co. Last year they rented one from the Soo line.

Engineering and exploration work has been carefully gone over at the Armour No. 1 mine and the proposition of changing from an underground to a pit mine is being considered.

Mr. Kruse, when requested to give his idea of this year's production on the range, gave the following figures covering mines that he was certain would ship about the amount designated: Armour No. 1 mine 200,000 tons, Armour No. 2 mine 200,000 tons, Kennedy mine 260,000 tons. These three properties are controlled by the Rogers-Brown Ore Co. Thompson mine of the Inland Steel Co., 100,000 tons, Pennington pit mine 100,000 tons, Cuyuna-Mille Lacs mine 50,000 tons, Cuyuna-Duluth mine 25,000 tons, Adams mine at Orelund 10,000 tons, Barrows mine 50,000 tons. This would make a total of 995,000 tons, and the figures come within the limit, 1,000,000 tons, which Carl Zapffe, of Brainerd, early set as the high water mark for this season's production on the Cuyuna iron range. Of course there are other properties, like the Iron Mountain Mining company, the Pittsburgh Steel Ore Co. hydraulic mine which expect to enter the shipping lists and may ship 25,000 to 50,000 tons.

Emil Winter, of Pittsburgh, Pa., banker and three mining men of Pittsburgh, P. H. Nelson, superintendent of the Pittsburgh Steel Ore Co., Supt. of the Soo Line Mr. Michaels and Agent Sherwood, a Soo man from Duluth, visited the range, coming from Duluth in Mr. Michael's office car. In company with H. J. Kruse they visited the Armour No. 1 and No. 2 mines, the Pennington pit mine and the hydraulic mine of the Pittsburgh Steel Ore company. The latter company will soon erect a concentrator to wash the decomposed silica from the ore, using electric power. A test shaft is to be sunk in the near future. Exploration work of all kinds is rushing on the range.

The Interstate Exploration company has finished drilling the Mattson property west of Ironston, and no ore being found, the 60 acres have been platted by John Matson into an addition to Ironston.

Cuyler Adams and F. A. Edson, of Deerwood, the O'Brien Mercantile company, Dr. Werner Hemstead, C. A. Albright, R. J. Hartley, and Jas. M. Elder of Brainerd, and L. A. Barton of Gordon, Wis., have given a 50 year lease to the E. J. Longyear company of Minneapolis on their property located in the east half of the northwest quarter of section 13, township 45, range 30 at a royalty

of 30 cents a ton and a minimum tonnage of 10,000 tons per year the first two years, 20,000 tons per year the next two years and 30,000 tons annually thereafter. The fee to the land is divided in the following proportion: Cuyler Adams 5-24, F. A. Edson 1-24, O'Brien Mercantile Co. 4-24, Dr. Werner Hemstead 4-24, C. A. Albright 4-24, R. J. Hartley 4-24, James Elder 1-24 and L. A. Barton 1-24.

Mary Jane Root, widow, has given an option to J. J. Robinson and Joseph Weinberg to purchase for \$2000 the south half of the southwest quarter of section 15 and the east half of the southeast quarter of section 16, township 43, range 32, with a royalty of 10 cents a ton attached and a minimum tonnage of 5,000 tons the first year, 5,000 tons the second year, 15,000 tons the third year and 20,000 tons the fourth and each succeeding year.

W. P. Lardner has transferred to the Min-Dul Exploration Co. his interest in a mining lease from Swan Peter Nelson to W. P. Lardner and Alexander Hamfield dated July 20, 1911 in government lot 1 and the south half of the northeast quarter of section 2, township 46, range 29, of which an undivided half interest of the lease was assigned by Hamfield to the Cuyuna Exploration Co. and by such company assigned to Lardner.

Oscar Syreen of International Falls, Amanda Syreen, widow, Wm. A. Syreen and George Syreen of Crow Wing county have given a mineral lease to W. W. Bane for 50 years and covering lots 1 and 2 and the northeast quarter of the northeast quarter of section 17, township 46, range 29 and the south half of the south half of section 20, township 46, range 29 at a 30 cent royalty with a minimum tonnage of 5,000 tons the first year, 8,000 tons the second year, 10,000 tons the third and fourth years and 30,000 tons annually thereafter.

Albert Carlson has sold to George A. Hitchcock for \$2,400 the southwest quarter of the northwest quarter, the southwest quarter of the northeast quarter, the northwest quarter of the southeast quarter of section 8, township 136, range 28. J. A. Thoren has sold to J. D. Lamont the southeast quarter of the northwest quarter of section 35, township 47, range 29.

Wm. Harrison and others have sold to the Zeno Iron company an undivided 15-100 interest in minerals in the west half of the southeast quarter and the east half of the southwest quarter of section 28, township 47, range 29. Thomas A. Merritt has sold to John B. Arnold an undivided 1-3 interest in the south half of the northeast quarter, the east half of the southeast quarter of sec. 36, twp. 44, rge. 32. Isalah H. Martin has sold to James B. Fulton for \$2160 the southeast quarter of the northeast quarter, and the east half of the southeast quarter of section 2, township 138, range 26.

J. J. Barrett has sold to D. M. Gillies an undivided 1-32 interest in the minerals in the south half of the southwest quarter of section 31, township 136, range 27. George G. Weaver has sold to each of Carl Kuntzacker and Charles H. Peterson a 1-3 interest at \$1140.80 in lots 5, 6, 7 or the southeast quarter of the southwest quarter and the south half of the southeast quarter of section 26, township 45, range 28.

Wm. Harrison has sold to the Monakee company an undivided 2-9 of the east half of the northeast quarter of section 35, township 47, range 29. C. J. Oberg of Deerwood, has sold to W. S. Pitt of Crosby, the southwest quarter of the southwest quarter of section 10, township 46, range 29. Jacob Stein has sold to each of G. T. Eagling and F. A. Kemp an undivided 1-24 interest in the northeast quarter of section 6, township 133, range 28 for \$280.

Our Nearest Approach.
"Have you any decorations in America like the Victoria cross, for example?"
"Er—er—well, I think perhaps the double cross is our nearest approach to it."—New Orleans Times-Democrat.

HARRISON SCHOOL PROGRAM

Given by the Pupils of the School
on Friday Afternoon—Many
Parents Attend

Pupils of the Harrison school, assisted by Mrs. Prescott and the high school orchestra gave a very pleasing program at the school on Friday afternoon which was largely attended by parents and friends. The program follows:

1. "Apple Blossoms" reverie—High School Orchestra
2. Songs, "Daffodils" and "Santa Lucia" 6th, 7th and 8th grades
3. Piano solo—Esther Whiting
4. Duets by Dagmar Olson and Mildred Bredenberg; Esther Whiting and Hazel Worden.
5. "Cavallera Rusticana" intermezzo and "Traumerel" High School Orchestra
6. Recitation, "My Shadow"—Frieda Terazo
7. Vocal solos, "Big Wax Doll"—Delphine Bergstrand
"Robin"—Agnes Headman
8. "Harbor of Love" medley—High School Orchestra
9. Piano solos, "Gertrude's Dream Waltz"—Stella Erickson
"Golden Hour Waltz"—Goldie Hedlund
10. "Flower Song"—Orchestra
11. Songs, "Vesper Hymns" and "Praise the Lord"—5th and 6th grades
12. Duets by Mabel Bentley and Esther Erickson; Isabelle Worden and Rhoda Frayer
13. "Songs of the Nations"—Orchestra
14. Dramatization of "The Girl Who Trod on the Loaf"—4th grade
15. Folk dances, "Ma's Little Pigs"—2nd and 3rd grades
"I See You"—Primary

Mr. Brown, of the Victrola company, gave four vocal selections on a Victrola to show the tone quality of voices.

THE LAST SERVICES

Pallbearers at Judge G. W. Holland
Funeral Were all Lifelong
Friends of the Judge

The funeral services over the remains of Judge W. Holland were under Masonic auspices with a Knights Templar escort. At the home of George D. LaBar at three o'clock a short service was read by Rev. G. P. Sheridan. The floral tributes were many and of the most beautiful kind and showed the high esteem in which Judge Holland was held by all who knew him.

With Mrs. James M. Elder at the piano, a quartet composed of Mrs. C. A. Albright soprano, Mrs. C. W. Hoffman alto, John Bye tenor and Robert Crust bass, sang tenderly "Nearer My God to Thee" and "The Rock of Ages."

At the grave the solemn, sad rites of the Masonic order were exemplified. The pallbearers, all lifelong friends of the judge, were Judge W. A. Fleming, Judge W. S. McClenahan, Henri Ribbel, Fred A. Farrar, R. R. Wise and Former Senator S. F. Alderman.

Drive Sick Headaches Away

Sick headaches, sour gassy stomach, indigestion, biliousness disappear quickly after you take Dr. King's New Life Pills. They purify the blood and put new life and vigor in the system. Try them and you will be well satisfied. Every pill helps; every box guaranteed. Price 25c. Recommended by H. P. Dunn.—Advt.

BRAINERD, A TRAIN CENTER

Installation of New Train Service by
Northern Pacific Increases
Brainerd's Importance

All new train schedules of the Northern Pacific railway for this section take effect on Sunday, April 27. Brainerd will then have two trains from the north, three from the south, five from the east and three from the west.

CAN YOU DOUBT IT?

When the Proof Can be so Easily
Investigated

When so many grateful citizens of Brainerd testify to benefit derived from Doan's Kidney Pills, can you doubt the evidence? The proof is not far away—it is almost at your door. Read about a resident of Brainerd says about Doan's Kidney Pills. Can you demand more convincing testimony?

Mrs. W. J. Coons, 920 Seventh St., Brainerd, Minn., says: "It was three years ago that I had kidney trouble and lameness in my back. I was then living at Little Falls, and upon using Doan's Kidney Pills, was relieved. Others of my family have taken this remedy for kidney complaint. Our experience convinced us that this remedy has not been endorsed one bit too highly. Doan's Kidney Pills, procured at H. P. Dunn's drug store, not only act promptly but the results are lasting."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

MUSIC AND DRAMA

Talks of Scott's Fate

When asked regarding the unfortunate Scott party on the South Polar expedition, Amundsen says:

"I was never nearer Scott than 150 land miles. We were coming back from the pole when they were going in. They followed our tracks over the high plateau for 120 miles. We were one month ahead of them. I never met Scott, nor did I hear of his death until I was lecturing at Madison, Wis., February 11.

"I saw much coal in that Antarctic Continent; it is cropping out through the snow among the rocks. I know of no other mineral there. The geological formations and remains showed that there was once a tropical climate there. I doubt if the coal supplies can ever be generally utilized. It will be some time before they run week end excursions there.

"I wish to prevent confusion regarding my coming trip and the trip in which we made the northwest passage. The northwest passage in the old Gjoa, was started from the east, and we drifted westward along the northern coasts of Canada and Alaska, coming out through the Bering Straits into the Pacific. The next trip we will go straight north through the Straits and try to cross the Pole."

While in Oakland, Calif., an invitation to start his voyage through the Arctic Basin, from the new municipal wharves of that city, was extended to Amundsen by members of the Commercial club. With the invitation the club pledged \$1,000 toward the expenses of his trip. The invitation was made by the president. The explorer received the offer with thanks, saying it was the first of the nature and would be given first consideration. That he may consider it favorably was indicated to the members by his remark at the door, when some one said "Good-bye."

"Why goodbye?" Amundsen queried, "When you have just invited me to start the Fram northward from your city next year?"

Capt. Amundsen arrived in Brainerd this noon and will lecture to-night at the Brainerd opera house under the auspices of the Sons of Norway. The seat sale has been heavy.

"The Wolf"

The advance sale of seats for "The Wolf," is progressing at H. P. Dunn's and judging by the inroads made on the ticket racks the first day of the sale it is evident that the pretentious offering will receive an enthusiastic welcome at the Brainerd opera house Sunday evening, April 27. The locale of "The Wolf" is laid in the Canadian Hudson Bay fur country, and the narrative is one of love and revenge among the early settlers of the Canadian woods. It tells the story of a miserable husband and unnatural father, one Andrew McTavish, a Scotchman, who married a Swedish woman, and then hated her because she brought into the world a daughter instead of the son he wanted. Around this girl's life is woven a story rich in adventure, and ending in one of the most thrilling climaxes ever produced on the stage.

RAILROAD NOTES

On Sunday, April 27, the Northern Pacific railway will inaugurate its new Duluth and Superior passenger service to the west. The new "Twin Ports Limited," a fast, de luxe observation car and dining car train, will afford direct service in connection with train No. 1, the "North Coast Limited" and train No. 5, the "Pacific Coast Express," westbound, and train No. 4, the "Northern Pacific Express," eastbound, to and from Fargo, Jamestown, Bismarck, Mandan, Glendive, Terry, Miles City, Billings, Butte, Helena, Missoula, Spokane, Seattle, Tacoma, Portland, Vancouver, California, etc.

This new "Twin Ports Limited" is one of the crack trains of the Northwest. It is entirely electric lighted, has observation-library-lounging car of the North Coast Limited style, dining car and large easy-riding coaches. The Northern Pacific railway, the "route of the great big baked potato" is to be commended for the train service it is giving Brainerd, the Cuyuna iron range and the head of the lakes.

The "Twin Ports Limited," westbound, leaves Duluth daily at 10 in the morning, Superior at 10:15, Aitkin 1 P. M., Deerwood 1:18 P. M., Brainerd 1:47 P. M., arriving at Staples at 2:40 P. M., where connections are made with Trains Nos. 1 and 5.

Eastbound the "Twin Ports Limited" leaves Staples daily at 7:05 P. M., Brainerd 7:53 P. M., Deerwood 8:19 P. M., Aitkin 8:35 P. M., arriving at Superior at 11:10 P. M. and Duluth at 11:25 P. M.

The Soo Line will build an eight mile branch south from Wabikon through a farming and timber country which is not now touched, according to reports recently received. The contract for the grading has been let to Fred Baxter, of Superior. Mr. Baxter has successfully completed work for the Soo on the Cuyuna range and only recently was working in the vicinity of Ironston. It is understood work is to commence at once on the Wabikon branch and that from 150 to 200 men will be employed practically all summer.

We have just received and have just placed in stock the largest line of art needlework we have ever shown. This needlework was most carefully selected from the largest needlework importers in America.

We are now showing everything that is new and good. This includes stamped dresses and rompers for children; stamped lingerie of all kinds; stamped towels; stamped pillow cases; stamped pillows, in fact everything that is new and desirable in stamped goods.

We shall be pleased to give you any assistance that you may wish in needlework. Let us show you the new things.

Pains in the Stomach

If you continually complain of pains in the stomach, your liver or your kidneys are out of order. Neglect may lead to dropsy, kidney trouble, diabetes or Bright's disease. Thousands recommend Electric Bitters as the very best stomach and kidney medicine made. H. T. Alston, of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended and I improved from the first dose. I now feel like a new man." It will improve you, too. Only 50c and \$1.00. Recommended by H. P. Dunn.—Advt. tts

Ninth and Juniper streets—Rev. Father J. J. O'Mahoney, pastor. Rev. John Crean, assistant pastor. Hours of service: Sunday mass 6:30 A. M. at St. Joseph's hospital. 8 A. M. at St. Francis church. 9:15 children's mass. 10:30 high mass. On Wednesdays, mass at St. Francis church at 7:30 A. M. and at St. Joseph's hospital at 6:30 A. M. Vespers at St. Francis church at 7:30 P. M. every Sunday evening, except during the months of July and August, when there are no evening services.

Coughs and Consumption

Coughs and colds, when neglected always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by H. P. Dunn.—Adv't.

Measure Paint Value by the Time it Lasts Not by first cost

DON'T think "paint is paint." There are as many different qualities of paint as there are manufacturers of that staple product. Some paint is put out to sell at a price, no matter how cheap—the ingredients are a secondary consideration.

Now, Bridgeport Standard Prepared Paint is "made up to a standard, not down to a price." If there were any way of making it better; if there were any way to improve its quality; if anything could be done to enhance its value, it would be done.

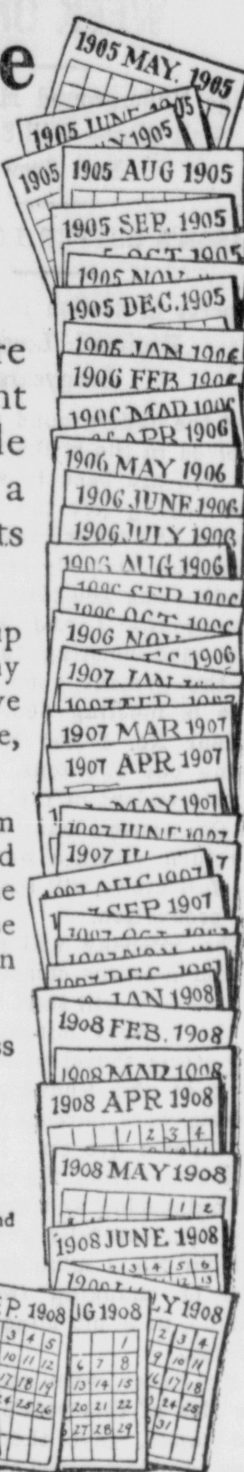

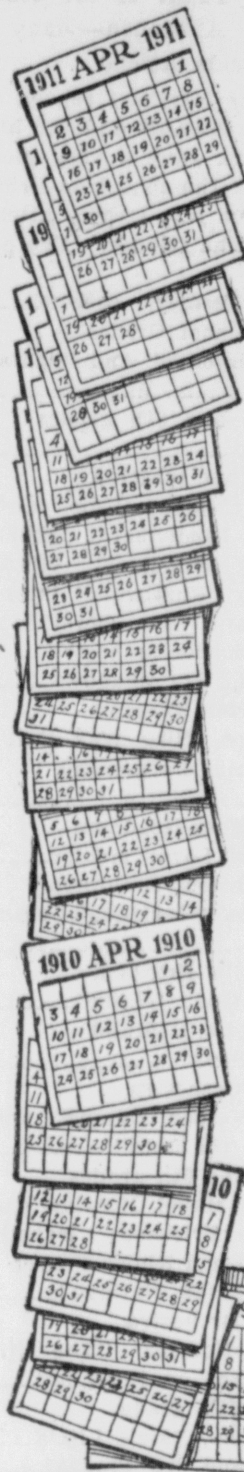

Bridgeport Standard Prepared Paint is made from scientific formulas of the best ingredients obtainable, and when properly applied will outlast any other paint on the market. It will hold its appearance longer, and the house painted with it will require repainting less frequently than if any other paint is used.

You may be able to buy prepared paints that cost you less per gallon, but they will cost you more per year.
